Hello my friend,

Congratulations on making a decision to help yourself and we suggest you gift this CD to your team at work. You will all become passionately self motivated.

Read that quote again from Andrew Carnegie for he was right; *if we cannot be self motivated we will live a life of mediocrity*. But how do we get our passion and enthusiasm for life going so that we can't wait to get up each morning raring to go. Well that my friend is where our MusiVation™ **Songs For MotiVation** program comes in to help you.

It all begins with a thought. Thought creates the feeling. Feeling causes us to take positive action. Using this powerful

program will be your wake up call to your inner genie to a better life.

MusiVation™ is being regarded as one of the great psychological discoveries of this century to help an individual change their life to the positive! The psychological discovery, MusiVation™, is a vitally important aspect of your new life that will alter your perception of learning. MusiVation™ will turn learning the Universal Laws of Attraction that govern your growth into a joy filled experience.

Please read this entire booklet and really take in because what Bob Proctor said is extremely important, and when fully understood will change your life. Bob said *"Your sub-conscious conditioning, or your paradigm, will determine your logic. What we are asking you to do will perhaps for some appear totally illogical relative to your present paradigm. The idea of magnetizing yourself to passion, self motivation, money and success, through positive affirmation songs could be considered crazy to the mind of the general population. This is why we stress the importance of the idea that our conditioned mind determines our logic. It is this conditioned mind of the general population which causes*

*them to feel that, it is a form of insanity to think that you could create REAL motivation within yourself through listening to music. Well this program is far more than mere songs. These songs are infused with light and power."*

You may have seen Bob Proctor ([www.BobProctor.com](http://www.BobProctor.com)) in the amazing film "THE SECRET" directed by Drew Heriot and if you have not seen it we HIGHLY recommend watching this powerful film. If you have you already seen "The Secret" you know how important it is to fill your mind with thoughts that are positive and NOT focus on what you do not want, but only on what you do want.

When Bob Proctor first found out I would be singing at one of his large events in Australia, he said at first he did not understand why the promoters wanted this singer to perform, however understanding how the mind works as Bob does, by the end of the event Bob realized how powerful these songs were, not only in uplifting the audience, but how the songs themselves were a powerful tool to quickly raise vibration and affect ones mind to the positive for longevity. He saw how powerfully one was motivated after listening to these powerful affirmation songs. He realized that the songs were affecting the left and right hemispheres of the brain.

The lyrics into the left logical side, and the melody and music into the right side. This gives a whole brain experience which is WHY these songs go directly into your subconscious mind and it works over 300 times faster than just saying them out loud as your conscious mind does not have a chance to reject the positive affirmations and new beliefs.

Bob and I went on to do many powerful seminars together all over Asia and the USA, and Bob began writing some powerful lyrics for the MusiVation™ songs that we have included on this CD along with other powerful songs co-written with John Beatty. In fact Bob's beautiful wife, Linda, came up with the name MusiVation™.

On this CD program which is being released in 2008 with a new format, new light, AND new songs. We decided to add this booklet so that you would truly understand how powerful these songs are. Yes they are fun and simple, however sometimes we overlook something just because it is well... simple. We often feel something must be difficult in order for it to work, and that is simply nonsense. The thought that things must be difficult is again just old negative programming we have been taught by others.

As you become immersed in the powerful MusiVation™ affirmation songs, miraculous and marvelous things will begin to happen with constant regularity. A new world of beauty and passion will unfold in your consciousness and brighten your life. Why do you think advertising agencies spend multi-millions on jingles? BECAUSE these little, simple jingle songs go straight into the listener's (their customer's) subconscious mind where they want their product to be FOREVER. With MusiVation™ songs YOU are the one who decides what is going to be advertised to your powerful mind. Bob likens our subconscious mind as a Genie where Our Wish is at it's command. Bob has spoken this way about our Subconscious mind for over 40 years, calling it our Genie, and it certainly is. Now that you understand, you too will be placing only positive thoughts/orders to your Genie.

Bob and I and all of our magical team at MusiVation International want to sincerely congratulate you on making this investment for your life. Months and years from now you will look back upon this as a wise decision...it will also mark a wonderful turning point in your life.

With these positive songs played every day, your mind will return to its pure, happy, healthy, prosperous state. Evidence of this will appear in your material world and your results. Yes, you will most certainly be rewarded for your faith. Believe, proceed, and succeed. Whatever area you desire to improve in your life look through our MusiVation.com website today. Say yes because ***you can do it!***

I wish you an Increase of Love and Happy Success.

## Instructions

### Effective Use of MusiVation's Songs For Motivation™

1. Listen to each song in this powerful CD once or twice to satisfy your curiosity, and become aware of the contents of each song, and to truly take in the positive new lyrics that are powerful affirmations.
2. Read the lyrics for each of the songs slowly and THINK. As you read, pay very close attention to the message in each line. There is real power in each line. There is real power in each of these songs. Memorize these lyrics...sing or listen to the songs over and over again until they begin to play themselves in your marvelous mind. Become as familiar with these lyrics as you are with your own name.
3. When you have a particular negative thought that comes up, ignore it and say next, or STOP THAT and simply shift your attention back to what YOU DO WANT.
4. Write down a letter that describes your new life (*Further on in this book*). This is a very important assignment to do AFTER listening to the CD for one week every day. The reason is your old thinking may limit you in writing down what you REALLY want, however after a solid week of listening to these powerful songs every day your thinking will be much BIGGER. SO THINK BIG, HAPPY, Positive thoughts, and don't ask how it will happen just think about what you REALLY, REALLY WANT. Ask yourself,

*“What do I really, really want to experience in this beautiful life?”*

5. Read the lyrics as each song is playing. Sing along when in your car...really sing...get emotional, put your heart into each song. This will help with your memorization. Every time you sing these lyrics, you alter the old conditioning a little more. The repetition of lyrics, being impressed upon your subconscious mind, will alter your Paradigms and improve the quality of every aspect of your life.

CAUTION: Your old paradigms may put up a real fight. Old paradigms do not like being replaced. Your old conditioning could cause you to feel that listening to these songs as instructed is foolish behavior, when exactly the opposite is probably true. What you have been doing in the past was probably foolish behavior by comparison. This CD program is a highly effective, personal development program. It will ultimately lead you to receiving everything you will ever want.

Listen & Sing Be Persistent.  
Love...Light...Fun and Success

## TR#6 David & Goliath

M. Blood & B. Proctor

David and Goliath made history  
In all the Good Books this story is  
told  
About a boy and a giant  
About Faith and Fear, and the  
wonderful reward  
For being bold

Their story will live forever  
It's inspired everyone who's been  
told

About a sheep herder and a  
princess  
And a king's proverbial pot of  
gold

The king's army had run for cover  
They were weak and so full of  
fear  
A warring giant named Goliath  
Made them believe the end was  
near

The king's only hope was a  
promise  
So big it defied belief  
To the man who kills Goliath  
I'll give the princess, land, and  
tax relief

Young David changed the course  
of history  
The king's promise became his  
dream  
That he wouldn't let go  
So God gave him the strength  
To kill the giant Philistine

Now come real close and listen  
Use your strength to lead the  
weak  
Have them focus on a princess  
And put Goliath beneath their  
feet

David and Goliath made history  
In all the Good Books this story is  
told

About a boy and a giant  
About Faith and Fear, and the  
wonderful reward  
For being bold!

## TR#7 I Love My Customers

with love

I fill my mind and feeling nature  
with love

I go forward this day with love  
for all  
With love for all!

## TR#8 Time Is Mine

M. Blood & J. Beatty

Time, Time is an illusion man has  
created

So if that is a truth than we can  
also create time

For all of our needs for all of our  
wants

For all of our dreams and for all  
our desires

Time is YOURS

Time is mine (x4)

Right now's the time (x4)

To live my life to make more time  
for time

To live my life to take more time  
for time, for time!

Time is mine (x4)

Right now's the time (x4)

To live my life to make more time  
for time

To live my life to take more time  
for time, for time!

Time is mine (x4)  
Right now's the time (x4)

I have time to visualize  
I have time to affirm  
I have time to create  
I have time to plan  
I have time to exercise  
I have time to love  
I have time for my family  
I have time to live  
I have time to sing (my affirmations of course 😊).  
I have time to forgive  
I have time to sleep  
I have time to eat  
I have time to dance  
I have time to pray and meditate  
I have time to play  
I have time to dream  
I have time to prosper  
I have time to be disciplined  
And I now have time to say  
That I now take the time for time  
That I now take the time for time

Time is mine (x4)  
Right now's the time (x4)
